Re: Reclamation Surety Bond - M/047/007

Dear Tony:

At long last we have been able to produce a bond. Please review the bond and our situation in general to see if there is additional information needed for Board approval. Any additions or amendments requiring ownership conferral could, as you are aware, involve significant leadway time.

At your suggestion we are anticipating approval of the Bond at the April Board Meeting. If there is anything we might do to make this process and presentation more smooth and effective please let me know.

Sincerely,

Ronald G. Ryan
Environmental Specialist
